

Amendments to the Specification

Please replace the paragraph beginning on page 20, line 19, and ending on page 21, line 2, with the following amended paragraph:

Although specific steps are disclosed in process 400 of FIG. 5, such steps are exemplary. That is, the present invention is well suited to use with various other steps or variations of the steps recited in ~~process 400~~ process 400. Additionally, for purposes of clarity and brevity, the discussion is directed at times to specific examples. The present invention (e.g., system/architecture 10 and/or process 400), however, are not limited solely to use with a particular device (e.g., a CPU or microprocessor) or with particular code (e.g., an x86 instruction set). Instead, the present invention is well suited to use with other types of hardware and software in which it may be desirable to accomplish a multitude of tasks as part of an overall process directed at parsing hidden code.
